

Movable Disc (Z6016-0000-010 / 925501)

Outdoor fitness equipment made of stainless steel | DIN EN 16630:2015

Fitness device Movable Disc

Certification: TÜV Süd Product Service Certificate No. Z1A 107688 0002 Rev 00

Type: Whole-body trainer

Dimensions approx.: 920 x 840 x 1420 mm, 67 kg

Material: Stainless steel V2A (constructive parts), satin finish
Completely welded construction
Non-slip standing surface
Plastic slide bearing, maintenance-free

Main tube(s): 88.9 x 3 mm

Covering: Stainless steel ball Ø 120 mm

Coloring: Gentian blue RAL 5010 (ball)

Scope of delivery: 1x Standing disc with non-slip pad, tiltable in all directions via two joints
1x Handrail with main tube for support
1x Device stickers with TÜV and GS marks, short description of the training, QR code to call up the device website with video, unique device identification number and manufacturer information
1x fastening material with appropriate amount of screws, washers, nuts and injection mortar

Simultaneous use: 1 person

Recmdt. user age: 14+

Max. device load: 120 kg

Brand: KBM / Art Outside (Tel.: +49 6452 / 9114-0).

Concrete foundation: Concrete C20/25, DIN EN 206-1/DIN 1045-2

Foandation dim.: 1200 x 1200 x 300 mm

Exercise space approx.: 3920 x 3840 x 3000 mm

Drop height approx.: 250 mm

Description:

The movable disc is an outdoor fitness device for balance training. Its level of difficulty varies depending on how you position yourself on the disc. The slight oscillations of the standing surface train body control, balance and reaction – and so also help to guard against falls.
