	1x	fastening material with appropriate amount of screws, washers, nuts and injection mortar
Simultaneous use:	2 person	
Recmdt. user age:	14+	
Max. device load:	120 kg	
Brand:	KBM / Art Outside (Tel.: +49 6452 / 9114-0).	
Concrete foundation:	Concrete C20/25, DIN EN 206-1/DIN 1045-2	
Foandation dim.:	1400 x 1000 x 300 mm	
Exercise space approx.:	5430 x 3635 x 3000 mm	
Drop height approx.:	270 mm (footrest); 445 – 645 mm (seat)	

### Description:

With its modern design made of high-quality stainless steel, the DUO leg press is a real eye-catcher and suitable for use by two people at the same time. The seats are designed so that the exercise can be performed by both short and tall people. It enables the lower extremities (lower body muscles) to be strengthened and also mobilizes the glutes. Back, core muscles and calves are trained.
